The News.

The most important items of news, which we have this morning, is the announcement of the passage of our Charter amendments, through both branches of the Legislature yesterday.—This intelligence, will be hailed with joy by the oppressed Tax-payers of our City.

We have foreign news by the steamer Niagara, which, commercially, is not particularly important. We have also, a variety of interesting news by the California steamer, Moses Taylor. She also, brings us some important news from South America.

The news from Washington, this morning is not especially important.

There was a fire at Baltimore, yesterday.—Several persons were severely injured, by the falling of a wall—two fatally.

At the drawing of the Cosmopolitan Art Association, at New York, on Thursday, the Greek Slave was awarded to a Cincinnati lady.

The Legislative proceedings, will be found interesting this morning.

A man named Patrick Bonnet, murdered his wife in this city yesterday.

The New York Market, yesterday, was dull and lower. Our own market was unchanged. The weather here continues pleasant, and is reported so generally throughout the West.

GOOD NEWS!

The Charter Amendments Passed!

We have the gratification, this morning, of announcing to our readers the passage of our Charter Amendments through *both* Houses of the Legislature. In the Assembly, the vote in their favor was more than two to one, and in the Senate, it was *unanimous*. The amendments made to the original bill will be found elsewhere in this morning's paper. Most sincerely do we congratulate our Tax-Payers upon this result. It is a glorious one for the true interests of our city.

The Mayoralty.—Though the *Sentinel* a few days since declared itself for Mr. Prentiss, for Mayor, it is now understood that it desires to toss Mr. Prentiss overboard, and take up *J. S. Brown.—Wisconsin*, of yesterday.

Both the above statements are unfounded. The *Sentinel* has not "declared itself for Mr. Prentiss," nor does it desire to "toss him overboard and take up Mr. Brown." The city will be fortunate, indeed, if it shall secure the services of such a man as Mr. Prentiss, for Mayor, and the *Sentinel* will support him most cheerfully for that office.

The Seventh Ward School.—Public Examination.—Yesterday being the last day of the winter term, there were public exercises in several of our city schools. In company with several hundred of our fellow-citizens, we visited the new Seventh Ward School, in the afternoon, and were present at the closing exercises in the High School, which occupies the upper story of the building. Considering that this School has only been in operation about two and a half months, the proficiency of the pupils struck us as remarkable, and the interest which they all seemed to feel in their studies, and the regard and respect in which they hold the accomplished Principal, Mr. McKindley, were marked and gratifying. The examinations in Geography, in Mental Arithmetic, and on general subjects, were very satisfactory; the singing, under the lead of Mr. Cox, would have done credit to a thoroughly drilled chorus; and the reports of the Censors of the several classes were all well written, impartial and judicious.

A young lad named Dennick, at the close of the examination, made a brief and well-timed address to his fellow-pupils, the Teachers and the School Commissioners. All present were highly gratified by the exercises, and accorded great credit to Mr. McKindley for accomplishing so much in so short a period.

The Intermediate and Primary Departments of the Seventh Ward School, under the charge of Mr. Cox and Miss Osgood, are also entitled to favorable mention. Indeed the School may fairly be classed as a model one in the West, and it is one of our City Institutions that we may boast of with good reason.

Lamb the Wife Murderer Confesses his Guilt.—Geo. Lamb, the hotel keeper at Mendota Ill., who was arrested a few days since on suspicion of having murdered his wife at St. Louis, has confessed his guilt. A correspondent of the Chicago *Tribune* says that the testimony from St. Louis is most overwhelming, leaving not a doubt of his guilt. Lamb himself has become satisfied of the fact, and to day has made a disposition of his property.

The house has been found where Lamb stopped in St. Louis, the woman that waited on his wife, who saw her expire in convulsions and assisted Lamb in putting her into a box—also, the doctor that was called by Lamb to her aid, whom Lamb informed that she had procured an abortion. The physician was satisfied there was no abortion, and that the woman was laboring under the effects of strychnine. The box containing the body was, by Lamb and a teamster driving a lumber wagon, taken off in the night. Lamb, since learning all these facts, today has acknowledged his guilt. His object for doing it was to prevent his exposure with his maid,—now his wife. Lamb about two weeks since made a public profession of religion, and joined the Baptist Church of this place.

Three Parties in Congress.—The Washington *Union* tells us, with tears in its eyes, that there are three parties—"Democratic, Republican, and the Absentees"—and it grievously apprehends that Lecompton will owe its death to the Absentees, whose tactics it thus describes, viz.:

"Just sufficient of the friends of a bill to be absent, being careful to select precisely such times as will place it in the power of the opposition to secure all possible advantages."

The *Union* thinks "there is precious little difference, in a practical sense," between killing a bill in this way and voting directly against it. It proceeds to add an illustration from history as follows:

"It is said that the great Carthagenian general lost his army by an over free indulgence in the good things of this world, producing demoralization, weakness, and ultimate overthrow.—The historian is silent on the subject, but we entertain no doubt of the fact, that a large portion of his best troops and officers were absent when the hour of trial came."

What are the "good things" which carry "demoralization, weakness and ultimate overthrow" into the ranks of the Democracy? If the *Union* means Otard and Bourbon, why not say so?—*N. Y. Times.*

Wisconsin Post Offices.—We learn that the nomination of J. N. Jones, P. M., at Madison, J. R. Sharpstein, P. M. at Milwaukee and George H. Paul, P. M. at Kenosha, have been sent to the U. S. Senate for confirmation, and were there referred to the committee.—*Madison Argus.*

Third Ward Democratic Nominations.—In reply to our call upon the *News*, for information about *Dan Kennedy*, "regular Democratic nominee" for Aldermun of the Third Ward, a correspondent who signs himself "an Irishman," thus speaks:

In answer to these remarks I would say, that though Kennedy got the nomination, the people of the Third Ward have not the slightest notion of electing him to the position he once held, and was removed from [for no reason I am glad to say] but his partiality to convivial enjoyments.—This predilection too freely indulged in, was the just cause of his removal from the Council of which he was a member.

All very well, though we are surprised that the *News* and its correspondent should thus openly encourage "bolting."

Having laid *Dan Kennedy* on the shelf, "an Irishman" proceeds to dispose of the *Sentinel*:—In publishing the proceedings of the Third Ward Democratic caucus, the *Sentinel* added the single remark that the nominees, six in number, were all Irishmen. The truth of the statement is not disputed, but this pugnacious "Irishman" pitches into "the editor of the *Sentinel*," after a most extraordinary fashion, for making it. We are accused of "jibing," "jeering," "sneering," "mocking," and "laughing," at the residents of the Third Ward; of "fretting," "foaming," and "fuming" at their "audacity;" at "looking scornfully down" upon Irishmen; of holding that "Irishmen cannot govern themselves;" and of a great variety of other "peccadilloes," towards the "men of the Third Ward," which we have not space to enumerate and hardly breath to read—all of which very conclusively prove that the *News'* correspondent, though signing himself "an Irishman," has written himself down *an ass*. As the *Sentinel* said never a word about the Third Ward Caucus, beyond giving the simple facts, all these charges, insinuendoes, "jeers" and "sneers," against Irishmen, are the inventions and imaginings of the *News'* correspondent and not of the "Editor of the *Sentinel*." Our Irish fellow-citizens need not be told what we think of them, nor are our friendly relations likely to be disturbed by the vaporings of such a fool as the *News'* correspondent.

The Collingwood Line.—The Toronto *Globe* says that the Northern Railway Company have completed arrangements to place upon the Collingwood Line four propellers of the largest size and best speed that have ever been built on these Lakes. Their names are the *Hunter, Ontonagon, Evergreen City* and *Montgomery*. These vessels are much better adapted for the long voyage than the paddle-wheel steamers formerly on the route. None of them are slower, and some are faster than their predecessors; they are more economical in fuel, and have a much greater carrying capacity. The only difference is that they will not accommodate so many cabin passengers, but even in this respect, they are far from contemptible. Two have excellent accommodation for 80, and the other two for between 50 and 60 first class travellers. They will form a tri-weekly line, and, we have not the slightest doubt, will pay well. A great quantity of freight is now being offered, and the line has never wanted passengers, either first or second. We believe that the vessels have been secured on very favorable terms for the company. They will prove excellent pioneers, continues the *Globe*, for the line of iron propellers which we trust to see placed on the route at no distant day.

The Opera Thursday.—The Opera of the "Magic Flute" was repeated on Thursday evening, by our Musical Society, to a very good, though not a crowded house. The Opera went off with even more success than on the first night. The principal performers sang and acted with increased confidence and spirit, and the choruses were perfect. The "High Priest" again acquitted himself admirably, his glorious bass voice filling the Hall with musical thunder. "Papagena" was intimitable. We do not know when we have seen a more thoroughly artistic performance. The "Queen," the "Princess," and "Papageno" (the last "two in one") were even better, if possible, than on Monday evening.—"Tamino" and the "Chief of the Slaves" were equally well up in their parts. The management of the tableaux in the last scene was capital and with the noble chorus at the close, fairly brought down the House. Mr. Balatka, the accomplished and indefatigable Director, was evidently satisfied with the result of his six, or eight weeks' hard work, in superintending the rehearsals, and gratified by the marked appreciation of the audience. We must have the "Magic Flute" again.

Milwaukee & Mississippi Railroad.—We have neglected to notice the appointment of Mr. H. O. Wilson, of this city, as General Western Manager of the Mil. & Miss. R. R., which appointment was made some two weeks since. We congratulate the Company on securing the services of Mr. Wilson, whose general knowledge of Railroad matters will make him a powerful acquisition to the corps of employees of the Company. Throughout the West he is known as an enterprising business man, who has scores of friends everywhere; and now, having full control of the Western business of the Road, the public feel assured that there will be nothing lacking which shall tend to increase their accommodations, while the company are well satisfied that under his management their own interests will be greatly enhanced.

Horrible Murder.

There was considerable excitement through the streets of our city, yesterday afternoon, caused by the discovery of one of the most horrible murders that has ever been committed in our city. About 4 o'clock in the afternoon, the body of a woman named Bennet was found in a shanty in the Fourth Ward, near the round house of the Milwaukee & Mississippi R. R., cut and mangled in a shocking manner. An axe was found lying near the body all besmeared with blood, with which the infernal deed was committed. But the worst feature of this horrible affair is that the murderer of the woman was her own husband, a wretch named Patrick Bennet, whose name has adorned the Police Court list, constantly, for many years past. Upon being questioned he confessed his guilt, and offered some petty excuse for committing the bloody deed. Two men who happened to be close by, shortly after the murder was committed, took charge of Bennet, and, were bringing him to the station house, when they were met by the police, who took both Bennet and his brother—who was in the vicinity when the murder was committed—and lodged them in jail.

The body of the murdered woman, was taken to the "Dead House," in the rear of the police station, where an inquest will be held upon it this morning. It is mangled in a frightful manner. The head is literally chopped to pieces, and that evidently with an axe. The brutal husband, must, like a very demon, have gloated over his victim and mangled the lifeless corpse, after he had murdered her. The appearance of the wretched shanty all spattered with gore, where the murdered woman lay, was horrible indeed.—It was said by some, that Bennet, was laboring under a fit of dilerium tremens, when he committed the murder. He appeared rational enough, however, when taken to the police station. He is one of the worst characters in the city, and he has repeatedly been imprisoned for various crimes. It is but a short time since, he served out a term of imprisonment for robbery, and there is scarcely a drunken row, that ever happened here, that he has not had a hand in.

Clean Ice.—As the summer season approaches the subject of ice, becomes an extremely interesting one to every house keeper in our city.—It is very important, in a place like this, where there is no law to regulate the cutting of ice, for families particularly, to know where they can procure this commodity pure and clean. A day or two since, we took a peep at the extensive ice establishment of Mr. E. L. Page, out near the Humboldt Bridge, on the city side of the dam.—This ice establishment is the largest in the City. The building is 160 feet in length, and otherwise its dimensions are proportionably large. Over three thousand tons of the crystal commodity are stowed away in it.

The exertions of Mr. Page to supply our citizens with a good quality of ice are commendable, and he deserves to be liberally patronized. Heretofore, dealers have not been very particular, as to the places they selected for cutting ice, and a great deal has been consumed, even for family uses, which from the places where it was procured, must have been tainted with the drainage of the City. In order to avoid this difficulty, Mr. Page had all his ice taken from the river above the dam, and floated through the canal to his ice house, which is a little below the dam. The quality of the ice thus procured could not be surpassed. It averages a foot in thickness, and is as clear as the purest crystal. Mr. Page's object is to furnish the best quality of ice for family use. He does not intend to supply the market for other purposes. Those who desire to be supplied with an excellent quality of ice, can be accommodated by leaving their orders at the office of Mr. Page, No. 243 East Water Street, opposite the Walker House.

Marine Matters.—In our marine list this morning, will be found several arrivals and departures. There have been occasional arrivals, of small craft, and a few departures, for the past two weeks. The steamboats have commenced running, and several large vessels are now loading, preparatory to starting for Buffalo, in the course of a few days. The steamer *Cleveland*, came in from Chicago, on Thursday evening, and left yesterday, with passengers and freight for Two Rivers. The propeller *Michigan*, from Chicago, and the schooners *Henry Norton, Transit* and *Pilot*, also arrived yesterday. The schooner *Emma*, Capt. Leigh, will leave for Manistee today, to load with lumber and there are also a number of others, bending their sails, and making preparations to leave shortly. The schooner *Norway*, is loaded with wheat and flour for Buffalo, and will leave here in the course of a few days. She takes 800 bbls. flour at 50 cts, and 5,000 bushels of wheat at 10 cts.

The schooner *Farmer* came in last evening, with her main top mast gone, and otherwise slightly damaged. She left here several days since for a cargo of wood, with which she returned.

The City Nominations.—The *News* informs its readers that the *Sentinel* "will try on Saturday (this) evening to pack the Convention at Albany Hall and secure the nomination of its favorite." We are indebted to the *News* for the information that such a meeting is to be held—and of which we have seen no other notice. As for our "favorites," we are ready to name them; to wit: the men, no matter of what party, who, honest and capable themselves, can unite the suffrages of all good citizens in opposition to the Tax-Eaters' candidates. That is the *Sentinel* ticket.

The Straight Cut.—The *Wisconsin* insists that it is the outer section only of the "Straight Cut," to which the Chart and Petition of our Milwaukee Captains referred, or in which dredging is required; and charges the *Sentinel* with "prevaricating" for stating otherwise. The *Wisconsin* either mistakes, or misrepresents the matter. The Chart and Petition applied to the *whole* of the Straight Cut, and there is no one section which does not require dredging, to give the depth of water, 14 feet, called for by the contract, and required for the largest class of vessels navigating our Lakes.

Capital Beef.—On Thursday, Mr. John P. Rowe, of Muskegon, brought to this city one of the finest fat heifers we have ever seen in this State. She was five years old, and weighed over 1,700 lbs, and was quickly sold in our market, at 8 cents per lb, on foot. This is an extra price, and an extra beeve too, and might well be classed fancy. Mr. Rowe is one of the largest cattle raisers in the State, and is entitled to much credit for his efforts in this line.

Military.—Company "A," Milwaukee Light Guard, under command of Capt. Starkweather, paraded yesterday afternoon with full ranks, accompanied by the Regimental Band. They made a fine appearance, and drilled for some time, on Market Square, in presence of a large crowd of lookers-on, who were greatly pleased with their soldier-like bearing and discipline.

Police Court Yesterday.—O. K. Wells, was fined $1 for being intoxicated.

Henry McGoan and Patrick Finnegan, were brought up on a charge of disorderly conduct, case adjourned.

Peoples' Prayer Meeting—Fifth Ward.—The Peoples' Prayer Meetings in the Fifth Ward commenced, yesterday noon, at the South Presbyterian Church. The meeting was very largely attended, and a deep interest was evinced that the good work should go on.

Attention Cadets.—The Members of this Corps are hereby warned to appear at the Armory, at 7 o'clock P. M., for Street Drill.

By order of the Captain,
E. O. HIBBARD, Orderly.

☞ Caleb Wall gives notice of an extensive furniture sale to take place April 1st, on Main street. Read his advertisement.

Lecture.—S. J. Finney will lecture at Treate Hall to-morrow (Sunday) evening at 7 o'clock.

Arriving—News from the Straits.—Vessel captains are coming in to take charge of their respective crafts. Among the arrivals, we observed, yesterday, our friend Capt. Ben. Williams, of the *Ontonagon*; he got good cral loads and starts next week for Collingwood, the pioneer of the season to the Georgian Bay waters. Capt. W. reports the thick floating ice even farther up than Erie, and Goulds, Detroit, and Buffalo harbor before the 10th or 15th of the month. He also brings some direct news from the Straits, but not recent. From Capt. John A. Read, (formerly of Stanmar *Baltimore*,) who came down from Sault Ste Marie about the 1st, by way of Mackinaw, we learn the ice in the Straits was for Steamboat track, and Mr. Toale, (of Toale & Rice, Mackinaw,) who came down four days later, reported ice a foot thick, and think the Straits will not open before the 15th; but Mr. Hubbard, who is seldom mistaken in such calculations, thinks them already open, and is sailing according ly by fitting out for the passage next week. There has been scarcely any ice on Lake Superior, and if there is any trouble it will be in St. Mary's river.—*Chicago Tribune of yesterday.*

The Charter Amendments.

The TAX-EATERS, through their organs, the *News*, *Sebobo*, &c., keep up their clamor against the Charter Amendments, in the hope of defeating them, and thereby ensuring the continuance of the present state of things. They do not, indeed, attack the Amendments directly, as such warfare would be hazardous, but they endeavor to excite prejudice against them, by representing that they are the handiwork of a self-constituted Committee, and that the People have had no voice in framing, or passing upon them. Both allegations are untrue. The Amendments in question were drawn up by a Committee of citizens, appointed at a very large and respectable meeting of Tax-Payers, in January last. They were submitted to an equally large meeting two weeks since. They were subsequently, at a meeting held a fortnight ago to-day, referred to another Committee, for review and amendment.

On this last Committee were Messrs. W. P. LYNDE, and A. R. R. BUTLER, the latter the Democratic nominee for Mayor, the former the *News'* favorite candidate for that office. Associated with these gentlemen were Judge PAINE, Dr. WENDELL and Mr. HOUGHTON, well-known and responsible men. This second Committee, after a patient revision of the Amendments, reported unanimously in their favor, making some important additions and amendments. Their report was submitted, for consideration and action, to the largest public meeting ever held in this city, and was triumphantly adopted. Thus it appears that the two Committees who framed these amendments derived their powers *from* the People, and that their unanimous action was ratified *by* the People.

These Amendments, let it be borne in mind, are temporary in their nature. They are designed to guard the Treasury, to protect the Tax-payers, to cut off superfluous offices, to retrench expenditures, to stop the unlimited issue of City bonds and the boundless and heedless creation of municipal debts—in a word, to put *drags* on the wheels of our City Government and check its headlong downhill career—until some permanent and effectual means of Relief and Reform can be adopted. The same bill which gives us these Amendments provides for calling a City Convention *next September*, to revise, amend and perfect the City Charter, and to submit the work of their hands to a vote of the People. Whatever is wrong about the Amendments can then be amended; whatever is right, retained; and the People are to say *yea*, or *nay*, on the *whole* Charter—not, Kansas fashion, on *one* clause only. What more can be desired?

Once more, let us say to our fellow-citizens and to the Legislature, that our city demands *instant relief*; that the amendments will secure this; that no injury to any man's rights or property can result from their speedy enactment; that, on the contrary, the immediate effect will be, to inspire confidence, to restore credit, to increase the value of Property, and to induce Tax-Payers *to pay up*; and that whatever defects shall appear in the amendments, after four or five months' trial, can be remedied by the Charter Convention, which is to meet in September. Where so much good can be accomplished, and no wrong done, by passing the amendments, we earnestly trust that the Legislature will heed the voice of an oppressed People, and give us the Relief asked for *at once!*

The Charter Amendments.

MADISON, March 26, '58.

MESSRS. EDITORS:—The following amendments were last night agreed upon by the Milwaukee Delegation, to the bill to amend the City Charter, to wit:

To amend the title by adding these words, "And to enable the electors of Milwaukee to revise, codify and amend their charter."

Add the following proviso to the 1st section: *Provided*, That one of the said Commissioners shall be a resident of the east side of the Milwaukee river—one on the west side, and one south of the Menomonee and Milwaukee rivers."

Amend section 45 by striking out the word "eight" in the second line, and insert in lieu thereof "sixteen;" and strike out after the word "dollar," in the third line, the words, "but the Common Council may allow a per centage upon fines and license moneys, sued for and recovered; provided that the sum shall not exceed the sum of eight hundred dollars in any one year."

Section 50 is amended so that it reads as follows:]

"The Board of Councillors shall consist of two persons from each ward, who shall hold their offices for two years, and until their successors are elected and qualified; one of such Councillors to be elected at the next charter election, and one annually thereafter. The Aldermen elected at the charter election in 1857, for two years, shall act as Councillors for the unexpired term for which they were elected."

SEC 53. The first election for the city and ward officers under this act, shall be held on the first Tuesday in April next (1858), and thereafter the annual election for such officers shall be held on the first Tuesday of March in each year, and the notice of election of city and ward officers under existing laws is hereby dispensed with, for the first election to be held under this act on the first Tuesday of April next.

SECTION 54. On the first Monday of August, 1858, the legal voters of the city may assemble at the usual place of holding elections, in their respective Wards, between the hours of *ten* A. M., and *four* P. M., of said day, and elect three delegates (being tax payers of the city) from each Ward, and it shall be the duty of the City clerk to cause notices of such election (specifying the time and place) to be published in all the daily papers of the city for at least five days immediately preceding said election. That the delegates so elected shall, within one month thereafter, upon the proclamation of the Mayor, assemble at the Common Council chamber, and after being organized shall proceed to revise, codify and amend the City Charter and the amendments thereto. When said delegates shall have completed their labor, and previous to the first day of January next, they shall report such revised Charter to the Common Council, who shall cause the same to be published in the official papers of the city. It shall further be the duty of the Common Council, within one month after such publication, to order an election to be held in the several Wards of the city, at such time and place, as they may determine, and at such election the qualified voters of said city may in such form, as the Common Council may determine, approve or reject such revised or amended charter. Should a majority of the qualified voters of said city, at such election approve of such charter so amended, it shall be the duty of the Common Council to forward the same to the Legislature with the request that the same may become a law. All elections under and by the authority of this section shall be conducted in the same manner, and the returns shall be made as they are required to be made at general elections under the city Charter, and all the laws relative to illegal and corrupt voting at such election, shall be applicable to the electors under this section.

UNFORTUNATE FIRE.—Hon. Chas. Rodolf was lately summoned to his home at Orion in Richland County yesterday afternoon in consequence of his house and all its contents having been destroyed by fire. It had only been lately built, and neither house nor furniture was insured.—This is a severe loss to Charley, and his misfortune will be sympathisingly regarded by his fellow members and numerous friends.—*Madison Patriot, 25th.*

A SYMPTOMATIC "If."—The Washington Union begins to speculate about what will be done "*if* Lecompton shall be beaten." It is only very recently that the Union has used an "if" in such a connection.

The "Anglo-Saxons" Done For.

We cannot resist the temptation to lay before our readers the following characteristic blast from the "Third Ward" at the whole "Anglo-Saxon" race; closing with a threat to launch a similar destructive bolt at our "Puritan forefathers." It appears in the *News* of yesterday, which rather sympathizes in this sort of talk.—Mr. "Thomas Butler," is well up in the "blood and thunder" style. Hear him:

To the Editor of the News: The pig-headed editor of the Milwaukee *Daily Times*, in the plenitude of his bigotry and ignorance, thought fit in his bit of a paper of the 24th, in his editorial, headed, Mexico—Annexation—Manifest Destiny, to insult, and blackguard the Catholic Church, by calling its priesthood an infernal hierarchy, and lamenting his inability to wrest from the Catholic Church in Mexico its property, the same as Henry VII., and his bastard daughter, plundered and robbed the Catholic Church in Great Britain, and Ireland. Pig-head is a genuine mixture of the Saxon and Norman; robbery and plunder is his object if he had the power.—Hengist and Horsa was the first Saxons that settled in England; they were pirates, one owned five vessels, and the other seven; they united their strength, and made a settlement in England, by bringing over more of their piratical countrymen. William, the Norman, was the bastard son of a Norman pirate; he landed in England, and conquered the Saxon pirates, but an amalgamation of the Saxon and Norman piratical blood took place, thereby producing the most perfect race of pirates that the earth was ever cursed with. Pig-head says "the priests who accompanied Cortez to Mexico, directed his movements and instigated his murderous policy." Now, pig head, let us see what your Puritan forefathers did in their filibustering expedition; when they established themselves in New England. Every reader of history know:—I quote from a work published in Glasgow—"that the Puritans who settled in Massachusetts, after being rescued from starvation by the Indians, rewarded them afterwards, by seizing on their lands, and hunting them from place to place, with unrelenting fury, destroying their crops, burning their villages, so that in less than three months, the great and ancient tribe of Pequods, ceased to exist; all that were not burned, or slaughtered, were sent to the Bermudas for slaves. No cruelty could exceed that of the Puritan settlers, who were at once the aggressors and christians. So deadly indeed, became the vengeance of these Colonists, that they granted public rewards to any person who killed an Indian. The assembly, says Douglas, in 1703, voted £40 Premium, for each Indian scalp or captive."—There, pig-head, is some of the blessings of your boasted Saxon race.

This letter has run longer than I intended, but in my next, I will anoulsh the numerous readers of the *News*, with a catalogue of the numerous atrocities committed by the Saxon settlers of New England. Yours truly, THOMAS BUTLER.

The Ripon and Wolf River R. R.

RIPON, March 20, '58.

MESSRS. EDITORS:—I have just passed over the grade of the Ripon & Wolf River R. R., and I am much surprised at the progress that this work has made. The grade is entirely completed between the junction with the Milwaukee & Horicon Railroad, at the Rush Lake station, and Omro, a distance of nine miles, with the ties all on the ground and distributed ready for the track-laying. Between Omro and Winneconne the grading is two-thirds done, and a force of one hundred and fifty men are actively at work. With the present progress the entire work of grading and furnishing ties will be done by the 1st of May, at farthest. Is not this remarkable progress? This Company was only organized last fall.

The Company has no debt, having paid up as the work progressed, the farmers along the line furnishing the wherewithal in corn, oats, hay and provisions generally, and the merchants paying their stock in goods. Those articles were turned over to the contractors and workmen. They will have the work all done ready for the iron, and will have left for the purpose of purchasing the rails, $50,000 of Omro town bonds and all of the 1st mortgage bonds, which will be ample beyond all question for the purpose. The Milwaukee & Horicon R. R. are to furnish the equipment and operate the road. This equipment is already on hand. This road is, in reality, an extension of the Milwaukee & Horicon Railroad, fourteen miles farther, and will be very important in its effects both to Milwaukee and the Horicon Road; securing beyond any competition the entire lumber trade of the Wolf River.

The people in this region of country, in accomplishing so much under such adverse circumstances, have shown what can be done by energy, perseverance and confidence. There have been a few cases in which individual effort has, in public matters, inspired a confidence that could not have otherwise obtained. In this Ripon & Wolf River Railroad, Capt. Mapes, of Ripon, seems to have been the main spring. H.

Popular Sovereignty.

The people of Kansas have adopted a Constitution through a legally authorized State Convention, and are now asking admission into the Union under it.—*News* of yesterday.

False! The People of Kansas have *rejected* the Constitution which President BUCHANAN and the "National Democratic" Party are trying to force upon them, and "instead of asking admission into the Union under it," have protested, do protest, and will continue to protest, against being *dragged into the Union, fettered and handcuffed.* A more daring invasion of Popular Rights, a grosser abuse of Federal Authority, a more flagrant violation of every principle of Democracy, a louder insult to the spirit of American Liberty and the genius of our Republican Institutions, was never conceived, or attempted, than this plan of the Slave Aristocracy of the South, aided by the fawning tribe of Doughfaces and Office-seekers at the North, to *force* Kansas into the Union as a SLAVE STATE. Such an infamous crime must and will bring down, upon the heads of the perpetrators, the punishment due to those who conspire against the Rights and Liberties of the People; and the day of reckoning is at hand!

The LaCrosse R. R.—The Land Grant.

MILWAUKEE, March 26, '58.

Messrs. Editors:—I notice in the *News* of the 25th, a communication addressed to the editor of that paper, and signed, "A Milwaukeean."—He appears very much alarmed in regard to the effect that the repeal of the Land Grant may have upon the City of Milwaukee. Now I wish to ask which troubles him the most, the interests of the Tax-Payers and Citizens of Milwaukee, or the *private pockets* of a Milwaukeean, in case the Land Grant to the LaCrosse Co. be repealed? I think the Tax-Payers and citizens of Milwaukee have seen and heard enough of this kind of talk from the Directors and their friends in the LaCrosse Board, to have any longer the wool pulled over their eyes, in trying to make them believe that what they know to be black is white. Then as to his reference to the hard-working farmers, who have mortgaged their farms for this enterprise; he is in time, and I think it is time that the farmer who has mortgaged his farm, and paid dollar for dollar for his stock, should be thought of, and, perhaps as a Milwaukeean seems to take sides for the La Crosse Road, and also to be posted on their matters, with so much feeling for the farmer, will he explain to them what has been the cause of the stock in this Company going down from 80 to 8 cents? I suppose he will say, oh! the crisis. I say it is the crisis, and how did the crisis in this road originate? He also says they are ready and willing to pay all their debts.—Why don't they do it? Why did this Company say to me, as well as to others of their creditors, last fall, when asked for pay of an honorable and just debt—that they had no money!—when within two days after one of the Directors drew from the funds of the Company $41,000 in cash; to pay himself for property sold to the Company himself—said property not being worth over one-quarter of the amount sold for? For further particulars in regard to this Company, we will refer them to the last few numbers of that independent editor's paper—the Wisconsin *Patriot*.

N. CLEVELAND.

Moses M. Strong and his Persecutors.

We lay before our readers to-day the communication of Mr. Strong, addressed to the legislature. His reasons for not wishing to testify before a Committee, of which James H. Knowlton is Chairman, and H. A. Tenny, Clerk, are frankly stated, and we commend them to the consideration of our readers.—*News*, of yesterday.

The *News* and *Argus*, which, all through the last political campaign, and even during the winter, affected the utmost zeal for "Investigation," seem to be cooling off rapidly. And both these papers stand by Mr. STRONG in his refusal to testify before the Committee. Nobody can read Mr. STRONG's reasons for such refusal, without being entirely satisfied that they are evasive merely, and constitute no sufficient justification of his course. We are quite sure that the People at large will heartily endorse the action of Mr. STRONG's "persecutors," the Assembly of this State, in adjudging him guilty of contempt for refusing to answer before the Committee. Indeed, the Assembly had no alternative, for if they could not rightfully do that, they are utterly powerless, and Legislative investigations a mere farce.

Purging the Party.

It will be seen that the Democrats of the Assembly propose to know who can be depended upon in the emergency of party votes. They have voted out two insubordinate members, who have generally voted against them on all party questions.—*Madison Democrat.*

So says the "official organ" of the Democracy of Wisconsin. The gentlemen thus formally excommunicated are Mr. MASON, of Sheboygan County, and Mr. COTZHAUSEN, of the Second Ward, in this City. Their offence seems to be that they dare to think and act, for themselves and their constituents, to the disregard of all caucus decrees, or alleged party obligations. We rather think that the People will uphold Messrs. MASON and COTZHAUSEN, in their independent course.

OFF FOR UTAH.—The *Leavenworth Times* of the 19th says: Yesterday morning the following companies left the Fort *en route* for Utah; Company "H," Capt. T. Hendricksen. Company "E," Lieut. J. A. Smith. Both companies of the sixth infantry. Also two companies of cavalry, commanded by Lieutenants Otis and Taylor; this body of troops, about 330 in all, intend overtaking Col. Hoffman, and escort the supply train for Col. Johnston's command, from Fort Laramie; this supply train consists of 160 heavily laden wagons, and it is thought that if the Mormons intend making a fight at all, they will endeavor to cut off the train. Other bodies of troops will soon be under way for Utah, from which place we may soon expect to hear interesting, if not exciting, news.

FALSE PRETENSES.—It is urged by the little clique, who arrogate to themselves all the honesty, and the particular guardianship of the rights of the people, that if the Bill of Amendments proposed by them to our City Charter, be enacted into a law at once, it will relieve the people from the present tax.—*News of yesterday.*

The *News* takes unnecessary pains to head its articles "false pretences." They bear that stamp too plainly on their face to require the announcement. Nobody has ever said, or pretended, that the passage of the Charter Amendments would relieve the people from the present tax."

SENATOR DAVIS OF MISSISSIPPI.—The Washington correspondent of the Philadelphia *Pennsylvanian* says that the Hon. Jeff. Davis is in a very critical condition, and serious doubts are apprehended of his recovery.

MANAGER OF THE DETROIT AND MILWAUKEE RAILWAY.—We find the following announcement in the London (Canada) *Free Press* of Monday last:

WELL DESERVED PROMOTION.—We learn that the indefatigable and business like traffic superintendent of the Great Western Railway, W. K. Muir, Esq., has accepted the responsible trust of Manager of the Detroit & Milwaukee Railway, and will in a few weeks leave Canada to assume his new duties. While regretting that our own line will lose the services of its energetic traffic manager, who has been connected with its affairs since the early opening of the line, yet we cannot but congratulate Mr. Muir upon the honorable position his talents have secured, and heartily wish him a long career of prosperity.

This compliment to Mr. Muir is, indeed, "well deserved," as, we doubt not his appointment will prove popular with the public and advantageous to stockholders. Affable and untiring in his efforts to meet the reasonable requirements of those with whom he is brought in business contact, prompt and energetic in the discharge of his duties, Mr. Muir brings to his new and responsible office an experience and a reputation which promises, as we doubt not it will secure, a successful, popular and profitable managment of the Detroit and Milwaukee Railway.—*Detroit Trib.*

ESCAPE OF A FORGER FROM JAIL.—The St. Paul *Minnesotian* of the 15th says:

"Sylvester Steele the notorious forger of deeds, abstracts, etc., whose arrest we chronicled two weeks since, escaped from the cells of the jail on Friday evening, about half past seven o'clock. He got out of his cell by means of cutting away some bars, and, it is said, got out of the front door without any trouble, all the turnkeys being struck with a sudden blindness, and walked right by them, taking with him a bundle of clothes, got his horse and drove off. Steele is one of the most

DR. SANFORD'S LIVER INVIGORATOR!!

ONE OF THE BEST PURGATIVE and Liver Medicines now before the public, namely DR. SANFORD'S INVIGORATOR, or LIVER REMEDY that acts as a *Cathartic*, easy, mild and more effectual in all cases than any other medicine known. It is not only a Cathartic, but a liver remedy, acting first on the Liver to eject the morbid matter, then on the stomach and bowels, to carry off the matter, thus accomplishing the purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken in small doses will strengthen and build it up with unusual rapidity.

DR. SANFORD'S INVIGORATOR is compounded of the most powerful vegetable remedies, viz: Gums.

Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects.

Though possessing rare medicinal powers, these Gums have been in their present form, unpalatable to the taste, and therefore nauseous to the stomach, and consequently rejected by it. In DR. SANFORD'S INVIGORATOR, the Gums are so combined with Sugar and Spices as to render it a delightful medicine to the taste, and yet so prepared that the stomach will not reject it.

DR. SANFORD commenced preparations to leave on the evening of the 8th, his force consisting of Capt. —, two mates and a boy. The vessel lay in the middle tier, with both anchors ahead and moored with a hawser astern. The vessel ahead was made fast to the chain, and when the Adriatic slipped they left go the other vessel; and when the Captain awoke and found himself adrift he cursed the d—d Yankees bitterly.

The crew were got on board by four o'clock on the morning of the 9th. When the Adriatic got abreast of the guard ship, her boat came off and demanded the fort pass of the former. Capt. D. when asked for his pass, replied, "prenez garde to," and threw the officer a bit of paper with two sous wrapped up in it. The paper and money, however, went over the boat and into the water. The officer then inquired for the name of the vessel, when Capt. D. replied she was the American ship Luna, that had cleared the day before. The Adriatic then proceeded on her way.

She arrived at Spezzia on the morning of the 19th of January, and anchored with the kedge, having cut loose both anchors and left them at the wharf in Marseilles. Having no bill of health the Sardinian authorities would not permit her to land. Capt. D. then went ashore himself, to the pratique office, where he met the American Consul, who informed him that news of his escape had preached there, and that the French Government had telegraphed to all the ports in the Mediterranean to stop the vessel in whatever port she might be found. Soon after her arrival orders came from Turin to seize the vessel, and the officers actually placed a gun-boat under her stern, with two guns mounted, having received orders to fire should any attempt be made by the Captain of the Adriatic to move from the spot. Col. Long, the U. S. Storekeeper at Spezzia kindly furnished the vessel with all she wanted. Just as she got her provisions and water on board, there came on a fresh blow from the north-ward, and the vessel was riding by the kedge and forty five fathoms of chain, with one of the chain boxes filled with stone to back it; and a hawser bent to the other chain box.

The vessel kept drifting until Capt. D. was compelled to run a hawser ashore to the lazaretto where he made out to hold her until he went to town and got his papers. Returning to the bark he put to sea.

The day following the Adriatic boarded the ship Elizabeth Dennison, from which she got more provisions and an anchor.

The voyage from Madeira to the United States was a long and tedious one, she having encountered, alternately, calms and headwinds, nearly throughout the passage. The crew finally exhausted all their provisions except a small quantity of beef, and it became necessary for the ship to make the nearest American port, (Savannah) which she reached in safety, as before stated.

☞ We cannot refrain from calling the attention of our readers to an advertisement in this day's paper of the Hair Restorative of Prof. O. J. Wood & Co., of St. Louis. It will be seen that he has numerous certificates from persons of the highest character, to the merits of his Restorative. From positive knowledge we are also enabled to say, that it is in every sense what it is professed to be, and we do not hesitate to pronounce it the finest preparation for the head and hair which has so far been devised by human ingenuity. We have seen it arrest the tendency to baldness and restore to the head its original profusion of natural and glossy hair, and when the latter has been prematurely tinged with gray, we have seen it, like magic, restore the colors of youth and health. The distinguished proprietor of this, we might truly say, miraculous "Restorative," is not known to the person who uses it, the same head of hair that they wore in youth, thus adding instinct compliment with the value of the first and great article makers—Nature. To those who have used it with success and long established Mechanical Business, by addressing Drawer 21, Milwaukee P. O. The present owners are desirous of retiring from the businessson account of family matters, which require their personal attention mar24d3t

PERSONAL APPEARANCE OF JIM LANE.—The editor of the St. Joseph *Journal* has seen Jim Lane. He paid a visit to the town of Elwood, in Kansas, for the sole purpose of surveying the proportions of this formidable individual. His description is as follows:

"He entered the village mounted on a small Kansas pony, and escorted by some half dozen men, who were likewise mounted. He rides and stands erect, appears to be about forty years old; is about six feet tall, and rather spare and slender; has a firm and decided look—rather melancholy—with a closely shaved face, thin hair, a towering prominent forehead, deep sunk, small blue eyes, with a forehead projecting over, which is the language of another, 'forms a perfect sabingo roof;' a rather short Roman nose and peaked chin.

His manner of speaking is rather fiery and impetuous, he gesticulates considerably in a rather emphatic manner—his countenance readily betraying all his inward emotions—now dark and gloomy, and then all at once o'erspread with a kind of sarcastic smile, which is altogether peculiar to himself. He is evidently any man to suit the occasion, or crowd, and readily betrays it in every feature and emotion; and has doubtless long since learned when he is "in Rome to do as Rome does."

A STRAIGHT-FORWARD PRAYER.—The New York *Sunday Despatch* relates the following revival incident:

A curious incident occured at one of the prayer meetings down town last week. An unctious brother who, it appears, is a kind of out door clerk for one of the lottery swindles, situated in a Broadway basement not far from the Park, and who has been long noted as one of the hardest kind of characters, after chucking out in nasal spasms a general confession of his sins, and exulting over his curious conversion, besought the prayers of the assembly in his behalf.

His request was immediately complied with by a younger brother, who seemed well posted on the named career and present mode of life of the oily convert.

This gentleman instantly set up a fervid prayer in behalf of Brother L——. He implored forgiveness for the corpulent sinner, although, as he averred, "Brother L——'s long life of fraud seemed beyond the reach of mercy that was not infinite in its nature." Brother L—— rather winced at this literal compliance with his own solicitation, but quite regardless of this, the seething supplicator went on. "Thou knowest," he proceeded, "that no sinful wretch stands in greater need of mercy than Brother L——. Forgive him for his long life of fraud! Turn his heart this day from dealing after the nefarious profits of the policy business! Awaken him to a knowledge of the sinfulness of false pretences, and the purchase of stolen goods, and inspire him with a determination to pay his debts!"

Quite a lively altercation ensued outside in a few minutes afterwards, between Brother L—— and the gentleman who had prayed so pointedly in his behalf, which would probably have terminated unpleasantly but for the interference of an unconverted policeman.

MEDICAL.

HEALTH OF AMERICAN WOMEN.

WE have given place in the columns of our paper to several letters from Dr. Bridge, Secretary of the GRAEFENBERG COMPANY, to our most eminent physicians, upon the subject of the diseases to which American Women are so liable, and we now desire to call attention to the following, which is taken from The Pittsburg Daily Gazette, a leading journal of the Western States:

From the Pittsburg Daily Gazette, Feb. 11—Editorial.

"We are pleased to be able to report as we ever like the following, which is no complimentary to the progress of science in our own country. We are informed that the Graefenberg Company have been most liberal in ascertaining their valuable remedy among those of limited means, and that Dr. Bridge spends much of his time in consultation and relief of the afflicted. Such acts deserve the practical rewards of science and deep gratitude, which we again congratulate them upon receiving."

"HONORS TO AMERICAN TALENT.—We learn that the prize of ten thousand roubles offered by direction of the late Emperor Nicholas, for the discovery of a reliable remedy for the diseases with which afflict women in such an extent, has been awarded to the Graefenberg Company, an institution in the United States of America, located in New York. Dr. Bridge, the physician of the establishment, who wrote the report, and who prepared the medicine (which is called Marshall's Uterine Catholicon) has been elected a Fellow of the Imperial College; and we understand that similar honors will be offered him here. We have seen a letter from some of our most distinguished Russian Nobility, highly complimenting his medical attainments, congratulating him on the honor he has achieved for the Graefenberg Company, and requesting some of the Catholicon for use in their practice. We could have many more names of the highest rank enrolled by our eminent physicians who competed for the prize; but, failing in that, we had rather it would belong to our unpretending and unrivaled remedy. We beg to call French and German physicians who also endeavored, though unsuccessfully, to prove that they had a remedy which would answer the purpose.

"If a disease in question—Falling of the Womb, Whites, Deranged Menstruation—and the long train of difficult and distressing symptoms consequent upon them, have long baffled the best efforts of medical science. It is, perhaps, the boast of the Yankee ingenuity and energy, and intensity in America, that a successful remedy should come from there; and it is doubly so owing to Dr. Bridge's admirable superiority over all other physicians in that class of diseases that he has been enabled to bear away the palm from all competitors in his own country."—*London Paper.*

"AMERICAN SKILL TRIUMPHANT.—A private medical establishment in New York, America, (The Graefenberg Company,) has borne away the prize offered for the proof of a successful remedy for Failing of the Womb, Whites, Disorders of Menstruation, &c., &c., although French, German and English Physicians of eminence have all contended for it. We understand that our leading physicians and medical colleges, with that magnanimity characteristic of true greatness, have created a quality of the remedy—Marshall's Uterine Catholicon—which will be forwarded as soon as enough can be made to spare what we need
